

HYDRO MASTERS

September 7, 8, 9, 2001

Waterfront Pond I-74 & US 136

SPONSORED BY THE INDY MODEL BOAT CLUB

B, D, E, F Hydro

Qualifications will be held Friday and Saturday -- 1 boat at a time against the clock for 2 laps. You will have 2 1/2 minutes **total time** to get in as many sets of laps as you can. **You will go onto the qualification list one time for each boat you are running. Your runs will be staggered so you are not "back-to-back". Once you are qualified, you may attempt to re-qualify, but you must scratch your already qualified time. NEW - You will ONLY have a total of 3 qualification attempts per boat.** If you arrive to qualify on Saturday, you may or may not get time to make a qualification run. Unqualified boats **will run** in the lowest Mains in each class (**Everyone will get to race**). Time trials will start at 8:00 AM and end at 7:00 PM. The top times will go into the "A Mains", the next fastest times into the "B Mains", etc. Depending on the number of boats entered, **UP TO 6 BOATS (plus transfer boat) will go into each Main.** The boat you qualify is the boat you race. Top time has choice of frequency for heat racing. Next fastest next choice, etc. The Lowest mains will race first. The winner of each Main will move up to the "Next Higher Main, then the "Next Higher Main" runs, etc. with **the winner moving up to the "A Main"**, then **ALL** the "A Mains" run last. **NEW - There will be 4 rounds of racing. (Have AMB Brackets on your Boats - will be used for A & B mains!)** Heat racing for the lower mains will start on Saturday afternoon (about 4pm) after qualifications are completed. Note: Registration for qualification list, starts at 6 am Friday.
